Braces you can really smile about!

Look great
and feel great
with Ghost!

Ghost™
INVISIBLY BRILLIANT

Why you'll love Ghost™

Ghost is a new advancement in clear braces using the very latest technology and materials.

- Manufactured with an advanced sapphire material that is strong and durable.
- Superior performance features to give you the results you are looking for.
- Reduced friction means shorter treatment time compared to other clear brackets.
- With Ghost you'll look great during treatment as well as after.

Have confidence in your smile
throughout treatment

Ghost is as invisible as you can get with braces - the natural colour of your teeth penetrates through so there's no need to hide your smile during treatment.

Ghost delivers great comfort too - the smooth, rounded edges and polished, compact design make them more comfortable than traditional clear brackets.

Ghost - for a truly beautiful smile!
