OmniArch® PLUS

It's Time to Smile!

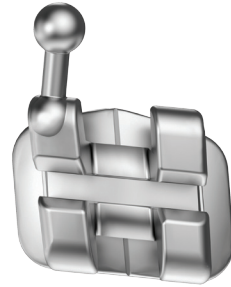

It's About to Get Good!

Congratulations on your big decision! When you get braces, you're getting more than straight teeth. You're getting the confidence that comes from having a great smile PLUS all the oral health benefits your doctor has told you about. But most of all, you're getting the opportunity to embrace a new version of you!

While there's no denying that braces take some getting used to, the low-profile design, rounded edges and smooth finish are designed to make them comfortable to wear, you'll get used to them in no time at all.

Embracing Your Braces

- Keeping your braces clean is the best way to avoid problems. Brush after every meal and floss at least once a day.
- Avoid sticky and chewy foods like gum, caramel, taffy and hard candies. Cut apples before you eat them and trade your bagel in for whole wheat toast.
- Don't panic if a bracket pops off! Just call your doctor as soon as possible. Most offices leave open spots in their schedule for just such an emergency.

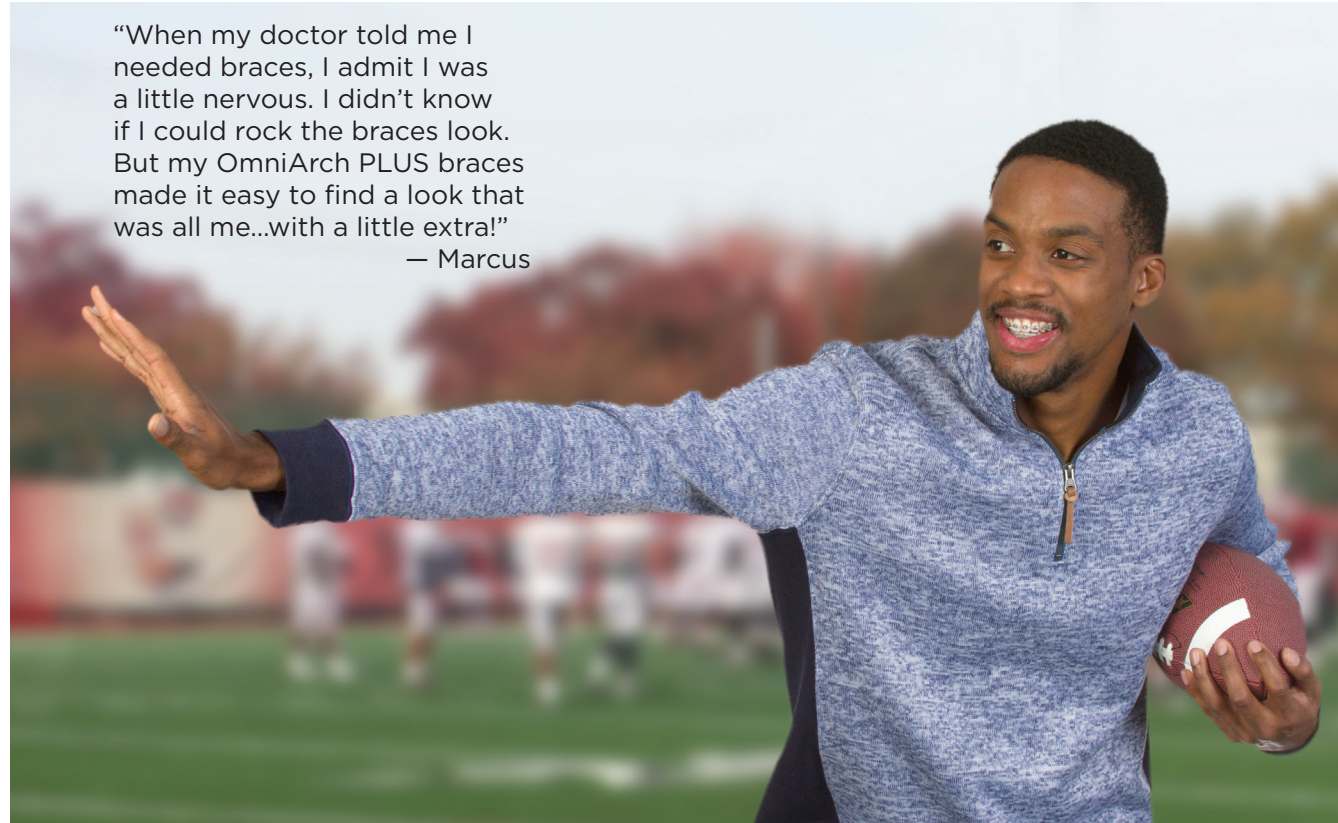

So Let's Get Moving!

OmniArch PLUS braces are designed to fit your life, your time and your style. You can choose from a rainbow of elastic tie colors to match your mood, your school colors or anything else that shows the true you!

"When my doctor told me I needed braces, I admit I was a little nervous. I didn't know if I could rock the braces look. But my OmniArch PLUS braces made it easy to find a look that was all me...with a little extra!"
