## ORTHODONTIC COURSES LONDON

# TADs & Wire Bending Workshop

Master TADs and wire bending for simple solutions to complex cases.

-  21-22 March 2025 | 2 days
-  Tower Suites Hotel, Central London
-  £1500 (+VAT)

## THE COURSE

In this TADs workshop, Dr. Thomas Ziebura will provide the key technical, practical, and theoretical skills required to gain confidence in the effective use of TADs in orthodontic treatments.

## OUTCOMES

### Understanding the Practical and Theoretical Aspects of TADs

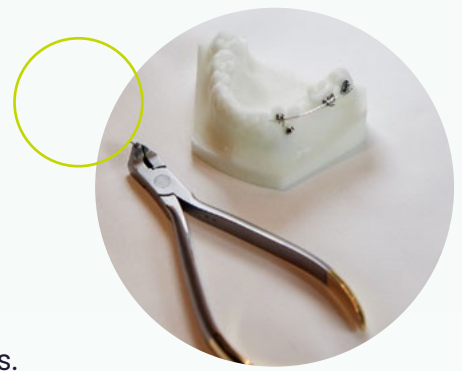

Participants will gain a comprehensive understanding of both the theoretical and practical aspects of utilising TADs in orthodontic treatment, including safe and predictable placement of TADs in various sites.

### Developing Chair-side Mechanics Skills

Dentists will acquire skills in developing simple chair-side mechanics related to the usage of TADs, including the wire bending that is required to immediately implement learned techniques and approaches in their clinical practice.

### Application to Clinical Cases

Attendees will delve into numerous clinical cases to analyse the usage and impacts of TADs in various treatment scenarios. This will enable them to better understand how TADs can be incorporated into commonly presenting case scenarios, and how this will impact treatment planning and delivery.

## LECTURER

### Dr. Thomas Ziebura

Dr. Thomas Ziebura is an Orthodontist based in Hamm, Germany, where he owns an Orthodontic Clinic with his wife Stefanie. He earned his dental licence from the University of Munster in 2005 and became an Orthodontic Specialist in 2009.
